

WELCOME TO YOUR

Packing Tips

FOR IPHONE PHOTOGRAPHERS

CHECKLIST

You can print it all or just the checklists!
Happy travels!

CAROLINEMARYAN.COM

Welcome!

Planning to travel?

Have you ever arrived at your hotel only to remember the charger still plugged in at home? I have you covered!

Use the **Bring the Power Checklist** to assemble a small go bag before you travel. If you travel often, I recommend that you buy duplicates of everything, put them in a small bag, and use them only when you travel.

If you love shooting photos with your mobile phone, use the **Bring the Fun Checklist** to pack your carry-on with lightweight gadgets to add adventure to your travels.

Enjoy!

Packing Tips Checklist

For mobile phone photographers

Bring the Power

- Charger and cable for iPhone and iPad (I suggest Anker)
- 12-volt charger for charging iPhone and iPad in a vehicle
- 2 adapter plugs: one should be 2-prong and the other should be 3-prong
- SKROSS travel adapter for overseas travel
- Battery pack for charging iPhone on the go
- Charger and cable for Apple Watch if you have one
- Charger and cable for laptop if you bring it

Packing Tips Checklist

For mobile phone photographers

Bring the Fun

- Lightweight tripod (like Smarter Telescoping Selfie Stick) with screw-on stand and iPhone adapter)
- MeFoto Sidekick360 Smartphone Tripod adapter
- Pocket Tripod
- Camkix Camera Shutter Remote or Apple Watch Camera Remote app
- Moment Mobile Lens Cleaning Pen
